

“Largest Justice Movement of our Time”

NOT TODAY COALITION WHAT WE DO!

OUR FUNDAMENTAL PURPOSE IS TO BUILD SCHOOLS

- We serve the most oppressed people group in the world.
- The “Untouchables” of India now call themselves – DALITS. An ancient Sanskrit word meaning broken or ground down.
- 300 million DALITS are entrenched in societal POVERTY that leaves them subject to BONDED SLAVERY and HUMAN TRAFFICKING.
- The CASTE SYSTEM of India defines the DALITS as undeserving and less than human.

THE WAY OUT IS THROUGH EDUCATION

- We are NOT another literacy program. NTC schools are English-medium primary schools educating students beginning with preschool through high school.
- English is the business language of India and the key to upward mobility.
- Our students are instructed from a CHRISTIAN WORLDVIEW.

SCHOOLS BECOME THE FOCUS OF THE COMMUNITY

- A school building in DALIT community or village is a visible presence and represents long-term commitment.
- Each school serves 4 to 10 surrounding villages.
- Women’s empowerment and vocational training go beyond learning skills, good jobs are now found, businesses are started and families are united and empowered.
- Because the Christian worldview is completely contrary to everything the DALITS have been told Bible studies begin and churches are born.

WHAT WE DO!

- We offer HOPE! With a track record of performance. We are part of developing over 100 schools.
- NTC offers a time tested and trustworthy opportunity for individuals and groups to engage in the largest fight against Human Trafficking in history.
- For churches and organizations NTC's approach offers an easy to use and implement addition to an existing mission program; or as a turnkey stand alone program.

WHAT DOES THIS MEAN TO ME?

- Join the Not Today Coalition and be a part of the “***Largest Justice Movement in Our Time***”.
- For \$10 a month you can make a huge difference in the lives of DALITS.
- Start your own campaign and recruit others to join you in reaching your goal.
- Share with you church or organization leaders and encourage them to get involved.

DOES IT WORK?

- Yes! The approach we and our partners have implemented over the past 10 years has been refined and tested by time.
- NTC and its legacy organization have funded 40 schools, and in cooperation with our Indian national partners who currently oversee the operation of over 100 schools.
- Today, there are over 24,000 students enrolled in these English-medium schools.

NOT TODAY

- The name, NOT TODAY COALITION, comes from the anti-trafficking movie, NOT TODAY-THE MOVIE. The Not Today tag means – not on our watch; we are not going to let this happen.
- Not one more child!
- Not one more time!
